Address: House No:366-A, Street No:72, G-6/1-1, Islamabad

INTRODUCTION

Computer Science student passionate about web development and databases. Experienced with WordPress, HTML/CSS/JS, and learning Angular & .NET. Built real-world projects like a Metro Bus scheduling system using SQL Server.

EDUCATION

- Higher Secondary School Certificate (HSSC)
PIES G-6/2, Islamabad
Year: 2021-2023
Board: FBISE
- Secondary School Certificate (SSC)
IMSB G-6/4, Islamabad
Year: 2019-2021
Board: FBISE

SKILLS & ABILITIES

- Web Development (Frontend): WordPress (Astra, Elementor, plugins), HTML, CSS, JS
- Programming: C#, Java (OOP concepts, inheritance, encapsulation)
- Frameworks & Libraries: .NET MVC, Angular CLI
- Database Management: SQL Server (schemas, normalization, queries, stored procedures)
- Tools: VS Code, Visual Studio, SQL Server Management Studio

Projects

Metro Bus Scheduling System – Designed a SQL Server database for metro and feeder routes including schema design, stop sequences, schedules, and fare management.

Hospital Management System – A hospital appointment system using PHP and SQL Server with patient registration, doctor scheduling, and appointment booking. I used PDO and database constraints to ensure security and data integrity.

LANGUAGES

- English (Fluent)
- Urdu (Fluent)
- Pashto (Fluent)
